

**THERE IS NO REASON
FOR A CHILD TO SUFFER
THE EMBARRASSMENT OF BEING
BULLIED OR TERRORIZED**

HE NEED NOT be an outcast due to a shy temperament or lack of confidence. The ancient and enduring method of judo can develop the confidence, poise and self-defense this child wants. It actually toughens the child physically while strengthening him emotionally.

THIS TO THIS

SELF-DEFENSE

Is the basis of sport judo. When a child isn't afraid of being hurt or has nothing to fear from a bully, he will progress naturally from a real boy to a real man.
