SUMMER PROGRAM for Vacationing Students

- COLLEGE
- HIGH SCHOOL
- GRADE SCHOOL

NOW ENROLLING FREE INTRODUCTORY LESSON

This summer many college and high school students are returning to Bushidokan in order to increase their knowledge of Self-Defense and continue their training in the Martial Arts. Many of them are returning for their second or third summer. At the completion of our summer program last year most of our summer students, with the exception of those attending out of town schools, continued on in our regular program and are now advancing up through the different belt ranks.

Since many of the prep schools and colleges now have Judo and Karate as a varsity sport or extra-curricular activity, several of our summer students have returned to school to fill a place on their college team or in the school club.

Others have taken their new sport back to campus with them and have started Judo and Karate clubs of their own. Our more enthusiastic Judo and Karate (players) have practiced on their own while away at school and received promotion to Green Belt and Brown Belt within weeks after returning to Bushidokan.

Swordsmanship Class Now Forming Limited Openings Available
